

# Equipment Protection Package

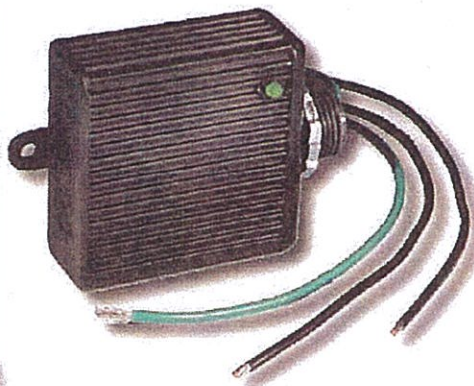

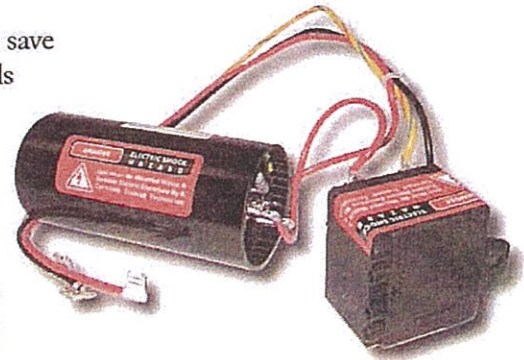

## A/C Re-New

- Reduces energy cost
- Improves cooling performance
- Enhances the lubricity of all lubricants, reducing friction drag that results in lower energy consumption, longer equipment service life, less noise, and quieter operation
- Enhances the system's oil thermal properties, resulting in improved heat transfer in evaporator and condenser

## Compressor Saver

- Extends air conditioner compressor life
- Reduces "light flicker" when air conditioner starts
- Reduces start time to save money on electric bills

## Surge Protector

- Protects equipment against lightning strike
- Protects against spikes from the utility company
- Includes the "Connected Equipment Guarantee" and pays up to \$10,000 if it does not properly protect equipment
- Limited lifetime warranty

## Purchase all three, and save money!
